LINKS

The image displays the iStrobeSoft app interface on an iPad, showing four different tuning screens. Each screen displays a large letter (D, E, A, A) and a number (6, 6, 5, 1) representing the fret or string. The tuning level is shown in cents: -9.4 cents for D6, +13.7 cents for E6, +28.5 cents for A5, and +1.9 cents for A1. The app also features a 'Download' button, a 'Details' tab, and a list of 'TOP IN-APP PURCHASES'.

Description

Cubasis is Steinberg's streamlined, multitouch sequencer for the iPad. Specially designed for quick and easy operation, Cubasis makes recording, editing and mixing a breeze. Record tracks in high-resolution audio quality, and edit your music with the Key and Sample Editors, while the included mixer and audio effects polish your song to perfection. Cubasis comes loaded with three virtual instruments which can be played in real time using the virtual keyboard and drum pads. Cubasis' projects can be even opened in Cubase under Windows and OS X! Cubasis places touch-intuitive production tools in your hands, opening up a new world of possibilities for your creativity.

Description

A video is worth a thousand words, you can check a "thrilling" demo of Everyday Looper here : <http://www.tinyurl.com/ELDemo3>

Everyday Looper allows you to record 4 musical phrases - 6 on an iPad - and loop them right away. You can then mix and merge them on the fly.

Thanks to the metronome (click track) and the auto start/stop of recording (quantized recording), reachable in the tools and options menu, it's suited for two-handed instruments too... [more](#)

Also see: <https://youtu.be/cU-eAzNp5Hw>

The screenshot shows the iTunes application window on a Mac. The top menu bar includes Apple, iTunes, File, Edit, View, Controls, Store, Window, and Help. The status bar on the right shows signal icons, 100% battery, and the time Fri 3:23 AM. The user's name, Floyd Richmond, is visible in the top right corner. The search bar contains the text "loopy".

The main content area displays the App Store page for "Loopy HD" by "A Tasty Pixel". The app's icon is a glowing orange ring. Below the icon is a "Download" button. The app is rated "4+" and is designed for both iPhone and iPad. The "Details" tab is selected, showing "Screenshots" for both devices. The first screenshot features a circular callout that reads "AS SEEN ON THE TONIGHT SHOW WITH JIMMY FALLON". The subsequent screenshots show the app's interface with various controls and a recording screen.

The dock at the bottom of the screen contains several application icons, including Finder, Launchpad, Word, PowerPoint, Excel, Mail, Safari, and others.

Description

Funkbox contains all your favorite vintage drum machine sounds in one funky quirky little app! FunkBox is a full featured drum machine that you can use to compose, record and play your songs live. It has been used in the studio by electronic artists such as Gorillaz (on their album "The Fall") and Tom Middleton (Global Communications, Jedi Knights), and also by alternative/indie musicians such as tUnE-yArDs, Mark Lanegan (Screaming Trees, QOTSA), Anton Newcombe (Brian Jonestown Massacre), and Reggie Pace (Bon Iver). It's also been used on stage by rock/pop musicians such as Joan Osborne and Glenn Tilbrook (Squeeze) live in concert. Its quirky vintage sounds, ease of use and advanced features have made it popular with tons of musicians who have used it to make all sorts of different styles of music worldwide....

Plickers - On iPad, ask questions, and point camera at students holding cards. It calculates results.

The screenshot shows the Plickers website in a Safari browser window. The browser's address bar displays "plickers.com". The website's header is teal with the Plickers logo and navigation links: Library, Reports, Classes, Live View, Cards, Help, and F. RICHMOND. The main content area is divided into three panels. The left panel, titled "Library", shows a folder named "How Many Sy..." with options to create a new folder, upload from mobile, or archive. The middle panel, titled "My Library / How Many Symphonies", contains a search bar and a list of four questions about the number of symphonies written by Haydn, Brahms, Beethoven, and Mozart. Each question has four multiple-choice options (A, B, C, D) and a bar chart showing the distribution of answers. The right panel, titled "Question Queue", shows a list of classes, with "Music Class" selected. A "Help" button is located in the bottom right corner of the website interface. The browser's status bar at the bottom shows the time as 1:42 AM on Friday, and the user's name as Floyd Richmond. The macOS dock at the very bottom contains various application icons, including Finder, Safari, Word, PowerPoint, Excel, and others.

Measures and Time Signature

- This process continues.
- Uh-oh. We just ran out of room to place notes, what happens now?
- Ledger Lines** will solve our dilemma.
- A ledger line is a small line that extends the staff when we run out of room.
- With the ledger line drawn, we can place the A.
- Next, let's discuss the Bass Clef (also called the F Clef).
- The staff line in between the two dots of the clef is F.
- We can now fill the rest of the staff with notes.
- Finally, we will discuss the **Grand Staff**, a theoretical staff consisting of eleven lines.
- Watch what happens when we eliminate the middle line - we end up with two regular staves.

Bars and Time Signature

- Vertical black bars called **bar lines** divide the staff into **bars** (or "measures").
- This staff has been split into two measures.
- Time signatures** define the amount and type of notes that each measure contains.
- The first measure is in 4/4 time and the second measure is in 3/4 time.
- The first measure (4/4) contains four quarter notes.
- The second measure (3/4) contains three quarter notes.
- Next, we will discuss non-quarter-note time signatures.
- 6/8 time contains six eighth notes.
- 3/2 time contains three half notes.
- This chart displays all of the time signatures that we discussed.

Interval Inversion

- The result is a perfect fifth: B to F#.
- Perfect intervals will always invert to other perfect intervals.
- Fourths and fifths will invert to each other.
- Let's invert a major third: C to E.
- Move the lowest note an octave higher.
- The result is a minor sixth: E to C.
- Let's invert a minor third: E to G.
- Move the lowest note an octave higher.
- The result is a major sixth: G to E.
- Minor intervals and major intervals invert to each other.
- Thirds and sixths invert to each other.
- Let's invert a major seventh: C to B.

SmartMusic iPad Screenshots:

- Home Screen:** Features a "NEW RELEASES!" banner, a grid of music categories (Romantic, Traditional, Pirates, Spooky, Latin, Spiritual, Cinematic Sound, Rock, Musicals, TV and Toons, Fanfare, Classical), and a bottom navigation bar with icons for Reflection, County, Browse, Find, My Library, Assignments, and Jazz Band.
- Assignments Screen:** Displays a list of assignments with details such as "Act Your Age-Assignment 1", "Afterburn-Assignment 1", and "I. First Studies - First Studies -". It includes teacher and class information and due dates.
- Music Player:** Shows musical notation for a Trombone 3 part, with playback controls and a progress bar.

Description

2014 award winner of Best Concert Band/Orchestra Teaching Tool by School and Band Orchestra magazine, SmartMusic is interactive music learning software that pushes you to play your best. This app gives you unlimited access to SmartMusic's extensive repertoire library, including over 50 method books, nearly 50,000 skill building exercises and a combined 22,000+ solo and ensemble titles by major publishers such as Alfred, Barnhouse, Belwin, Hal Leonard, Kjos, and others. Full repertoire access requires a SmartMusic account with access to a valid subscription.

Apple Music Memos - Run the program, record musical ideas, automatically add drums and other instruments. Record music, and it will add chords.

The screenshot displays the iTunes App Store interface for the 'Apple Music Memos' app. The top menu bar includes 'iTunes', 'File', 'Edit', 'View', 'Controls', 'Store', 'Window', and 'Help'. The status bar shows the time as 8:15 AM and the user as Floyd Richmond. The app's page features a large orange and white logo, a 'Download' button, and a rating of 4+ based on 28 reviews. The 'Screenshots' section shows four images: the app's main interface, a recording in progress, a completed recording with a waveform, and a list of recorded ideas. The 'Description' section explains that the app is designed for songwriters to capture and organize musical ideas using their iPhone, iPad, or iPod touch. It highlights features like automatic tempo and chord detection, and the ability to share recordings with friends or directly to Apple Music Connect. The bottom of the screen shows a dock with various system icons.

Description

Music Memos is the easiest way for songwriters to capture and organize new musical ideas. Use your iPhone, iPad or iPod touch to record acoustic guitar, piano, voice, or any musical instrument as high-quality, uncompressed audio. Then name, tag and rate your ideas to start building a library of all your favorite new song parts and riffs. Music Memos automatically detects your tempo, rhythmic feel and chords and lets you instantly hear your musical idea accompanied by a rhythm section with realistic drums and bass. View the chords you've played, add comments and lyrics, or share your recordings with friends or directly to Apple Music Connect*. And it's easy to take your favorite ideas into GarageBand to add more instruments and continue building your song.

Quickly capture musical ideas

- Easily record any musical idea using a simple interface
- Instantly listen to your recorded song ideas with a virtual drummer and bass player, who follow along like a live band in the room

iPad Apps

Multimedia - Video

- ◆ iMovie
- ◆ iMotion

iMotion - Tool for creating stop motion video. Draw fish, move, take pictures, add sound tracks.
See <https://youtu.be/HPuNn80MEuU> and <https://youtu.be/tCzeXdjALa8>

The screenshot shows the iTunes App Store interface on a Mac. The top menu bar includes Apple, iTunes, File, Edit, View, Controls, Store, Window, and Help. The status bar on the right shows signal strength, Wi-Fi, battery at 100%, time as Fri 2:13 AM, and the user name Floyd Richmond. The search bar contains 'iMotion'. The navigation bar has links for My Apps, My iPhone Apps, My iPad Apps, Updates, and App Store.

The main content area displays the iMotion app page. The app icon is a silver stopwatch. The title is 'iMotion' with a 4+ rating. The developer is 'Fingerlab'. A note states 'Offers Apple Watch App for iPhone'. Below the app icon is a 'Download' button and a note 'Offers In-App Purchases'. The app is described as 'This app is designed for both iPhone and iPad'. The rating is 4+.

Under 'TOP IN-APP PURCHASES', the first item is 'iMotion Full Version' for \$3.99. There is a 'LINKS' section with a 'Privacy Policy' link and a copyright notice '© Fingerlab 2012'.

The 'Screenshots' section shows four preview images of the app's interface:

- new movie**: A screen with a camera icon, a 'help' button, an 'iMotion gallery' button, and two preview images of a city scene and a beach scene. A 'my movies' button is at the bottom.
- start**: A screen with a camera icon, a 'start' button, a 'movie title' input field, and a row of buttons for 'time-lapse', 'manual', 'remoted', and 'mic.'. Below these is an 'interval' slider set to 2 sec. and a 'cancel' button.
- capture**: A screen showing a 3D wooden mannequin in a dynamic pose. At the bottom are 'cancel', 'tools', and 'stop' buttons.
- Untitled**: A screen showing a cityscape photo. At the bottom are 'back', 'tools', and 'export' buttons. A 'speed' slider is set to 15 fps.

The dock at the bottom contains various application icons including Finder, Launchpad, Word, PowerPoint, Excel, Mail, Safari, Photos, Messages, App Store, and others.

iMovie - edit video that you took on your iPad, trim and arrange, add titles and transitions, apply themes, create trailers, share directly to YouTube, etc.

The screenshot shows the iTunes App Store interface on a Mac. The top menu bar includes 'iTunes', 'File', 'Edit', 'View', 'Controls', 'Store', 'Window', and 'Help'. The status bar on the right shows 'Fri 2:11 AM', 'Floyd Richmond', and a search bar with 'imovie'. The main content area displays the iMovie app page, which includes the app icon (a purple square with a white star and a video camera), the name 'iMovie' with a '4+' rating, and a 'Download' button. Below the download button, it says 'This app is designed for both iPhone and iPad'. The app has a rating of 4.5 stars from 2,584 reviews. The 'Screenshots' section shows three preview images of the app's interface on different devices. The 'Description' section provides details about the app's features, including video editing, sharing, and creating trailers. The bottom of the screen shows the Mac OS X dock with various application icons.
